“It is with great pleasure that we announce that our office, Jose Orcasita-Ng, M.D., has achieved recognition status in Diabetes Management by the National Committee of Quality Assurance (NCQA).

NCQA’s Diabetes Recognition Program recognizes clinicians who have met standards demonstrating delivery of high-quality care to patients with diabetes.

The NCQA Diabetes Recognition Program is a voluntary effort to identify clinicians who provide diabetes care consistent with the comprehensive diabetes care measures within the Healthcare Effectiveness Data and Information Set (HEDIS®)

Clinicians who achieve DRP Recognition show their peers, patients and others in the Diabetes community that they are part of an elite group that is publicly recognized for its skill in providing the highest-level diabetes care.

“NCQA’s Diabetes Recognition Program honors the vanguard, professionals using the best science to help patients cope with one of modern life’s most pervasive illnesses,” said NCQA President Margaret E. O’Kane. “

Thank you.
